

# MIDIH

MANUFACTURING • INDUSTRY  
DIGITAL • INNOVATION • HUBS

# I4MS

MIDIH will create a  
Network of Manufacturing  
Digital Innovation Hubs in  
the area of CPS/IoT

## CPS/IOT COMPETENCE CENTERS

The MIDIH nine Competence Centres cover several regions in EU, including Northern and Eastern EU, to provide access to the latest digital technologies in CPS/IoT.

## TEACHING FACTORIES

The 2 Teaching Factories are open environments for experiments of new data driven applications in CPS/IoT and up-skilling of European workforce on digital technologies.

## DIGITAL INNOVATION HUBS

The DIH hubs provide access through one stop shop platform to business innovation services and digital transformation.

## WHAT IS MIDIH

MIDIH will build an open digital platform to provide access to the most advanced digital solutions, the most advanced industrial experiments, pools of human and industrial competencies and access to "ICT for Manufacturing" market and financial opportunities.

# OPEN CALL ON GOING APPLY BEFORE 29<sup>th</sup> OF JUNE!

<http://midih.eu/open-call.php>

## Call for Proposals for Data driven applications and experiments in CPS/IoT

MIDIH foresees as an eligible activity the provision of financial support to third parties, as a means to achieve its own objectives.

The open call aims at complementing functionalities around MIDIH reference architecture and performing experiments in CPS/IoT based on the components provided by the architecture.

The experiments must cover one of the three main scenarios: Smart Factory or Smart Product or Smart Supply chain.

**6 MONTHS**

(Expected duration of participation)

**€ 960,000**

(Indicative budget for MIDIH Call-1)

**Deadline:**

29<sup>th</sup> June 2018,  
at 17:00 Brussels  
local time

The MIDIH project aims at realizing services to support  
the ICT Innovation for Manufacturing SMEs

### TECHNOLOGICAL SERVICES

*interactive try-on demos, webinars, challenges, hackathons and awards*

### BUSINESS SERVICES

*ideas incubation, business acceleration, demand-offer matchmaking and brokerage, access to finance*

### SKILLS BUILDING SERVICES

*serious and role games, participative lessons and webinars, virtual experiments in physical teaching factories, professional courses for existing technicians as well as for executives*
